

About author & speaker Mary Sharon Moore
Creator of the L.A.S.T. Workshop

Mary Sharon Moore, vocational consultant, writer, and speaker on spiritual gifts for results in the workplace, brings a fresh and energizing approach to management and workteam development. Trained to identify strengths unique to each ii, Mary Sharon can quickly perceive untapped dynamics for ii and workteam results.

Mary Sharon's keen sense of workplace dynamics flows from a theological framework offering her an ability to listen deeply, diagnose quickly, and call forth what is most worthy, valuable, and meaningful in workplace and customer relationships and in your organization's mission and footprint in the world.

Mary Sharon believes that spiritually attuned mentors are absolutely necessary to help young people to grow responsibly in their career path and role within the organization. She believes that the gifted whole person needs to be called forward to achieve a greater good. Each employee deserves to give a whole-hearted Yes to something greater than personal gain.

No stranger to the importance of "the bottom line," Mary Sharon harnesses the power of the often overlooked human side of workplace environment to allow you to not just "do well" but to "do right" and create something unique and worthy in the process.

Clients have included the Gifford-Pinchot National Forest, Northwest regional USPS Postmasters, Oregon's Construction Contractors Board, professional and trade association boards, as well as high-growth small companies.
